Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance.

The Keep USF Fair Coalition submitted the Fair Share Plan to the FCC on January 31, 2005. It expands who pays into the USF so that other technologies - not just phones - pay into the system. The Fair Share Plan collects the USF using a combination numbers- and revenue-based plan. This keeps the system fair, equitable and non-discriminatory.

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position. Now in addition to the standard shit I am saying this as one of the real ones that make up this land and pay the bills. Not you power monkeys in the district of criminals. You have no legal mandate for diddly shit. Keep out of our hair before we jump into yours. Read the constitution, supreme law of the land, only congress shall have the power to make law. Now a white euro game of semantics means nothing. Call it rules, law, edict, decree and more its all the same shit. And you plutocrat or suckups to the illegal plutocratic monkeys that think they rull all of us should learn soon that they do not. It would not be wise for so many to continue to flaunt these flagrant violations of the supreme law of the land. so back off ok fools???? GET it Got it Good!!!!!!!!!!!!!!
